

Video Monitor 3.0GHz - 3Gb/s

## Super<sup>HD+</sup> Series **Midsize Video with Monitor Row**

- Exceptional performance in HDTV, serial digital and analog applications
- 3.0GHz 3Gb/s Midsize dual and single video jacks meet SMPTE 424M-2006 specifications
- Life cycle rating of 30,000
- Dual jacks available in normaling and non-normaling configurations
- · Single & Dual jacks available in terminating and non-terminating configurations
- Numbered jack positions front and rear for quick and accurate installation, system troubleshooting and operational ease
- Patented designation design maximizes viewable height, 0.760" (19.30mm)
- Available in 3x32, 3x34 and 3x36 configurations
  - Front-mount jacks simplify system re-design & maintenance Numbered lack positions for quick and accurate installation.
  - system troubleshooting & operational ease
  - · Patented designation design maximizes viewable area • CIS (Circuit Identification System), allows color-coding of every circuit
  - Captive screws stay in the panel, not lost in the rack
